Experience

Verkada - San Mateo

Industrial Design Intern | Fall 2024 - Present

Designing in the enterprise security space with a focus on sensors. Utilizing Solidworks and 3d printing to create and validate concepts.

Anson Cheung Design - San Francisco

Industrial Design Intern | Spring 2024 - Fall 2024

A part of a small team working in the med tech space. Built functional 1:1 prototypes, and utilizing sketching plus Solidworks to generate concepts.

Herbst Produkt - Santa Cruz

Industrial Design Contractor | Fall 2023

Designed medical packaging and science learning kits. Created concepts in Solidworks, Keyshot, and built files for 3D printing and testing.

Teague - Seattle

Industrial Design Intern | Spring 2023

A part of the Aviation Design Team. Created sketches and Rhinoceros 3D concepts for interior lighting, furniture, and entertainment systems.

Key Technologies - Baltimore

Industrial Design Intern | Summer 2022

Engaged in diagnostic and surgical device work. Used Solidworks for storyboarding and mechanical concepts. Created Illustrator UI screens.

The Chamberlain Group - Chicago

Industrial Design Intern | Fall 2021

Conceptualized a series of smart home products. Created Solidworks models, animations, and weekly presentations.

Shorr Packaging - Cincinnati

Industrial Design Intern | Spring 2021 - Summer 2021

Created packaging in the corrugated materials space. Designed packaging through ArtiosCAD, and prepared prototypes.

Education

University of Cincinnati DAAP

B.S. in Industrial Design | Class of 2024

Accademia Italiana

Interior and Product Design | Abroad 2022
